Comprehensive Suite of Standard Reports & User Defined Reporting		<input checked="" type="checkbox"/>

1. **A LeaseAccelerator Application Instance** is limited for use by a Customer and a Customer's Consolidating Affiliate ; i.e., an Affiliate during the period which the Affiliates financial statements are being consolidated with Customers and have the same fiscal calendar, using Customer and each Consolidating Affiliates lease portfolio data for leases for which they are lessees. The Application is not for the Management or accounting of lease portfolios or a Lease Transaction of any entity that is not Customer or Customer's Consolidating Affiliates.
2. **Non-Production Data** means either an implementation version of your Consolidating Data prior to going live or an archive version of your Consolidating Data used solely for non-production purposes.
3. **Lease Transaction** means any request for quotation or other use of the Global Lessor Network concerning, or negotiation, consummation or performance of, any lease financing in which Customer of Customer's Consolidating Affiliates will be the lessee.
4. **New Sourcing Events** included with subscription must be used within first Contract Year.

OPTIONAL ADD-ON FEATURES

The following are not included with the Application(s) but available as an Option Add-on Feature:

OPTIONAL ADD-ON	Enterprise OR Compliance Edition
Encryption at Rest	<input checked="" type="checkbox"/>
Sandbox	<input checked="" type="checkbox"/>
Single Sign-On	<input checked="" type="checkbox"/>
Premium Support	<input checked="" type="checkbox"/>
LeaseConnect	<input checked="" type="checkbox"/>

Encryption at Rest

Client data is stored in client-specific table spaces, ensuring physical isolation and separation of data. Additionally, LeaseAccelerator uses Amazon RDS encryption using AWS Key Management Service to protect not only the database but backups of the database as well.

Sandbox

Additional Non-Production Environment allows continuous usage throughout the development and testing cycles of various product capabilities and solution integrations and enables companies to continuously improve their processes, test out new integrations and product features, and build efficient processes based on sandbox environment results.

Single Sign-On

Single Point of access to LeaseAccelerator application and customer's mission critical applications.

Premium Support

24x7x365 priority high availability technical support which includes a dedicated Customer Success Manager and performance monitoring.

LeaseConnect

Integrates and automatically connect to ERP systems and other critical applications to create a company-wide business and accounting system.
